Known as Juicebox in the barn. She stands 16 hands, weighs 1100 lbs and wears a 0 shoe. Juicebox is as gentle as they come, she meets you at the gate, easy to saddle, bathe, shoe, and haul. Juicebox has been on the desert pushing cows, she has tracked the sled around on both ends, and is going on the pattern. She is smooth and learns quickly, she does not get hot or sulky! We go to Juicebox when we just want to enjoy our day.
